

Thank you for buying an Angelo Décor Fountain!

We hope you will find these instructions helpful in setting up your fountain.

If you have any issues with this item, please DO NOT return the unit to place of purchase. Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Feed the tubing from the top piece down the opening as shown above.

Install the top piece as shown.

Adjust the pump to the desired setting, and connect the tubing from the top to the pump.

Place the pump inside the reservoir and align the cord as shown above right.

The final assembly should look like this →

Now simply fill with clean water and plug into a grounded GFCI outlet. We recommend keeping bowl 3/4 full of water to avoid pump burnout.

Product must be properly stored for winter.
