

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain.

If you have any issues with this item, please **DO NOT** return the unit to place of purchase. Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Pump is set to full. Reduce flow if lower splash is desired.

Pass the pump cord through the opening at the back.

Insert the included pipe as shown.

Feed the tube from the top section down the pipe.

Slide the top over the pipe.

Connect the tubing to the pump.

Pump should sit flat and move free inside pump house.

Install the pump access door.

Set the puppies on to the groove on the side of the bowl.

The final assembly should look like this →

Now simply fill with clean water and plug into a grounded GFCI outlet
We recommend keeping bowl 3/4 full of water to avoid pump burnout.
