

Thank you for buying an Angelo Décor Fountain!

We hope you will find these instructions helpful in setting up your fountain. If you need more information to properly care for your fountain, please DO NOT return the unit to place of purchase. Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Pump comes pre-installed with cord seal. Check to ensure the cord seal is tight.

Adjust pump to the desired setting.

Connect tubing to the pump.

Run tubing through riser section.

Twist and lock riser to pump house.

Connect the tubing to the top section by metal slip fit.

Twist and lock riser to top.

Install spill bucket using grooves. Position bucket so it will spill forward.

Apply silicone as needed to seal bucket into place.

Final Assembly should look like this

Now simply fill with clean water and plug into a grounded GFCI outlet

We recommend keeping bowl 3/4 full of water to avoid pump burnout.

Your fountain works better and lasts longer when kept clean using mild soap and soft cloth on a regular basis.
