

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain. If you need more information to properly care for your fountain, please DO NOT return the unit to place of purchase.

Please visit our web site, [www.angelodecor.com](http://www.angelodecor.com), for assistance and warranty information.

**First unpack carton carefully, arranging parts safely in your working area.**

Pump comes pre-installed with cord seal. Adjust the length of pump cord, then tighten the cord seal.

Set the pump to the desired setting.

Connect the tubing to pump.

Feed the tubing from the "T" up each hole as shown.

Set the 1st cover plate into place.

Insert the PVC into the rear hole of the cover plate.

Feed the long tubing through the rear hole of the second bowl. Connect the other tube to the copper outlet.

Set the second bowl into place.

Inset PVC pipe into second cover plate. Set the cover plate into place.

Set the 3rd bowl into place.

Insert the PVC to 3rd cover plate and set cover plate into place.

Connect the tubing to the top piece, and set into place.

Adjust the restrictor to desired water flow.

Install the pump access door.

The final assembly should look as follows →

Now simply fill with clean water and plug into a grounded GFCI outlet  
**We recommend keeping bowl 3/4 full of water to avoid pump burnout.**

Your fountain works better and lasts longer when kept clean using mild soap and soft cloth on a regular basis.
