

Thank you for buying an Angelo Décor Fountain!

We hope you will find these instructions helpful in setting up your fountain.

If you have any issues with this item, please **DO NOT** return the unit to place of purchase. Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Pass the pump cord down the cord pipe.

Pass the pump cord through the pedestal. Align the cord with the groove at the base.

Twist and lock bowl to pedestal.

For ideal operation, the pump is preset to 1/2 strength. Adjust as needed.

Connect the tubing to the pump.

Feed the tubing through the riser. Twist and lock the riser in place.

Insert the "slip fit" pipe into the middle bowl as shown.

Feed the tubing from the pump through the pipe. Slide the bowl in place as shown above.

Connect the tubing to the top and slide the top in place.

Install the pump access door.

The final assembly should look like this

Now simply fill with clean water and plug into a grounded GFCI outlet
We recommend keeping bowl 3/4 full of water to avoid pump burnout.
