

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain. If you need more information to properly care for your fountain, please **DO NOT** return the unit to place of purchase.

Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Pump is pre installed. Attach tubing, note flow control to adjust.

Sit pump at bottom, slide tube through baffle plate as shown.

Rest baffle plate on notches, with tube directly above pump.

Proper plate and tube placement

Attach tube to metal pipe

Tube should sit securely on pipe

Place orb on notch, be sure hose does not bend

Cord goes in bottom groove

Add Included Rocks!

Now simply fill with clean water and plug into a grounded GFCI outlet
We recommend keeping bowl 3/4 full of water to avoid pump burnout.
