

Thank you for buying an Angelo Decor Fountain!  
ANGELO DÉCOR INTERNATIONAL We hope you will find these instructions helpful in setting up your fountain.  
If you have any issues with this item, please DO NOT return the unit to place of purchase.  
Please visit our web site, [www.angelodecor.com](http://www.angelodecor.com), for assistance and warranty information.

**First unpack carton carefully, arranging parts safely in your working area.**

Lay out all parts in your work area.

Feed the light cord and tubing from the top orb through the opening in the middle section of the fountain as shown.

Carefully set the orb on top of the middle section of the fountain as shown above. The light should sit as shown.

Pull the excess cord from the light out the bottom of the fountain.

Connect the tubing from the light to the "Y" connector.

Pass the light cord and the cord from the pump through the cord pipe in the reservoir and align with the groove at the base.

Place the cord pipe cover over the pipe and cords as shown above.

Connect the tubing to the pump and adjust the pump to your desired setting.

Carefully place the assembled top and middle parts of the fountain on to the

Attach the light cord to the transformer.

The final assembly should look like this →

Now simply fill with clean water and plug into a grounded GFCI outlet  
**We recommend keeping bowl 3/4 full of water to avoid pump burnout**  
Product must be properly stored for winter.
