

# Thank you for purchasing an Angelo Décor Fountain

We hope you will find these instructions helpful in setting up your fountain.

If you need more information to properly care for your fountain, DO NOT return the unit to place of purchase. Please visit our web site: [www.angelodecor.com](http://www.angelodecor.com) for assistance and warranty information.

**This fountain may require more than 2 persons to assemble.**

**Carefully unpack carton, and arrange all parts in your work area.**

Install the longest grey pipe in the centre of the largest bowl as shown above. Use clear silicone to seal the pipe in place. Repeat this step for all bowls, using the corresponding included pipes.

Set the pump in the bowl next to the pipe. Feed the power cord down the pipe.

Carefully rest the bowl on its side and pass the cord down the pedestal.

Align the guide arrows, and carefully place the large bowl on the pedestal.

Carefully place the largest riser in the bowl at an angle as shown. Attach the tubing to the pump and pass it through the riser.

Align the arrows and set the riser in place.

Carefully rest the second bowl on its edge and pass the tubing up through it as

Align the arrows and carefully rest the second bowl on the

Carefully rest the smallest riser on its side in the second bowl. Pass the tubing through the riser.

Align the arrows and lower the second riser in place as shown above.

Carefully rest the smallest bowl on its edge. Pass the tubing through the bowl as shown above.

Align the arrows and carefully rest the smallest bowl on the riser.

Attach the tubing to the top feature of the fountain.

Carefully set the top in place by aligning the guide arrows.

The final assembly should look like this

Now fill the fountain with clean water and plug into a grounded GFCI outlet. **We recommend keeping bowl 3/4 full of water to avoid pump burnout. Product must be properly stored for winter.**
