

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain. If you need more information to properly care for your fountain, please DO NOT return the unit to place of purchase.

Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Above Ground

In-Ground

Place reservoir on level ground; for *in-ground* set-up, dig a hole and ensure reservoir is level. Place pump in reservoir. We suggest setting flow to full strength for best effect. Pump should sit flat on bottom.

For *in-ground* installation, back fill just below top of reservoir.

Install centre plate as illustrated.

A restrictor has been provided which may need to be adjusted to control flow

Twist and secure feature into place.

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain. If you need more information to properly care for your fountain, please **DO NOT** return the unit to place of purchase. Please visit our web site, www.angelodecor.com, for assistance and warranty information.

Connect tubing from feature to pump outlet.

Install remaining side plates (2).

Install pump access door. Using tube provided, apply silicone along seams. Add decorative rocks on top of tray.

In-Ground

Above Ground

A great addition to any setting, above or in-ground!

Now simply fill with clean water and plug into a grounded GFCI outlet
We recommend keeping bowl 3/4 full of water to avoid pump burnout.
