

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain. If you need more information to properly care for your fountain, please DO NOT return the unit to place of purchase. Please visit our web site, [www.angelodecor.com](http://www.angelodecor.com), for assistance and warranty information.

**First unpack carton carefully, arranging parts safely in your working area.**

Run pump cord through standpipe and base, place in groove at bottom.

Secure bowl to base. Attach pump. Set flow as desired. We suggest 2/3 to full strength for best effect. Turn pump down slightly if high splashing is a concern.

Add top, be sure pump sits at bottom and hose does not bend. Secure using twist and lock. Cord out back of the unit.

Now simply fill with clean water and plug into a grounded GFCI outlet  
**We recommend keeping bowl 3/4 full of water to avoid pump burnout.**
