

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain. If you need more information to properly care for your fountain, please **DO NOT** return the unit to place of purchase.

Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Pump comes pre-installed with cord seal, Check to see the cord seal is tight

Set pump to desired setting.

Feed the cord down through the pedestal and align with groove at base.

Twist and Lock bowl in place.

Connect tubing to pump. Run tubing up through the riser.

"Twist and lock" riser in place.

Run tubing through the 2nd tier "Twist and lock" bowl in place.

Connect tubing to top section "Twist and lock" top piece into place.

Install pump access door.

The final assembly should look like this →

This fountain comes complete with our innovative splash reduction system. If splash is a concern, simply drape the splash line over each spill point to dramatically reduce splash.

Now simply fill with clean water and plug into a grounded GFCI outlet
We recommend keeping bowl 3/4 full of water to avoid pump burnout.
