

Thank you for buying an Angelo Decor Fountain!

We hope you will find these instructions helpful in setting up your fountain.

If you have any issues with this item, please **DO NOT** return the unit to place of purchase. Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Pass the light cord and tubing through the opening of the top piece. Press the light in place.

Feed the tubing and light cord down to the pump house. Align, and slide the top into place.

Pass the pump and light cord down the cord pipe. After setting the top section of the fountain carefully on its side, pass the light and pump cords through the pedestal and align the cords with the groove at the base.

Twist and lock the bowl to the pedestal.

Install the pipe seal as shown above.

Adjust the pump to the desired setting.

Connect the tubing to the pump.

Twist and lock the assembled upper section of the fountain to the main bowl.

Install the pump access door.

Carefully set the glass ball into place.

The final assembly should look like this →

Now simply fill with clean water and plug into a grounded GFCI outlet
We recommend keeping bowl 3/4 full of water to avoid pump burnout.
