

Thank you for buying an Angelo Décor Fountain!

We hope you will find these instructions helpful in setting up your fountain.

If you have any issues with this item, please **DO NOT** return the unit to place of purchase.

Please visit our web site, www.angelodecor.com, for assistance and warranty information.

First unpack carton carefully, arranging parts safely in your working area.

Connect the tubing to the top feature.

Pass the tubing through the "slip fit" pipe and install the pipe into the top feature as shown above.

Pass the tubing down the opening (as shown above) and align with the hole to the main reservoir.

Slide the top into place by aligning the pipe and corresponding groove.

Feed the pump cord through the hole and align the cord with the groove at the base.

Connect the tubing to the pump.

Pump is preset to full, adjust lower if less splash is desired.

Install the pump access door.

The final assembly should look like this →

Now simply fill with clean water and plug into a grounded GFCI outlet
We recommend keeping bowl 3/4 full of water to avoid pump burnout.
Product must be properly stored for winter.
