

# Thank you for buying an Angelo Décor Fountain!

We hope you will find these instructions helpful in setting up your fountain.

If you have any issues with this item, please **DO NOT** return the unit to place of purchase. Please visit our web site, [www.angelodecor.com](http://www.angelodecor.com), for assistance and warranty information.

**First unpack carton carefully, arranging parts safely in your working area.**

Locate the light and tubing shown above.

Pass the tubing and light cord through the opening at the top. Connect the light cord to the pump as shown.

Pump is set to full. Reduce flow if lower splash is desired.

Attach the tubing to the pump. Attach the cord to the transformer. Ensure it is tight. Place the transformer in a safe area, preferably under cover. While this unit is rated for outdoor use, it should not be fully submersed in the water.

Install the pump access door. the cord should pass through as shown above right.

Final Assembly should look like this →

Now simply fill with clean water and plug into a grounded GFCI outlet **We recommend keeping bowl 3/4 full of water to avoid pump burnout.**

**Product must be properly stored for winter.**
