

# Casa Loma Fountain Setup

Thank you for buying a "Casa Loma" Fountain by Angelo Décor!  
We hope you will find these instructions helpful in setting up your fountain.  
***If you have any questions with set up, parts replacement or warranty info, please, rather than returning your unit to the store, try a visit to our website, and give us a chance to help you. You will find helpful info at [www.angelodecor.com](http://www.angelodecor.com)***

**First unpack carton carefully, and inspect contents carefully.**

Run pump cord through pipe in housing. Pull through bowl, out bottom through groove. Pull out slack so pump sits as shown.

Attach Pump to tubing.

Set top on notching grooves.

Add decorative rock (supplied!)

Please keep clean using a mild soap and soft cloth, and inspect pump for debris often.

**We recommend keeping bowl 3/4 full of water to avoid pump burnout.**

We also remind you that this item should be stored properly for harsh winters, as water left to freeze in the bowl may cause cracking, and is not covered by warranty.

May we suggest you disassemble and store for the winter months to preserve and prolong your investment.

**CONGRATULATIONS! We wish you years of enjoyment.**
